

TROUBLE SHOOTING GUIDE

**I AM YOUNG, STRONG, INVINCIBLE
AND WILL NEVER GET HURT**

Working with young people who have not yet realized that they are mortal beings, can be a challenge especially when it comes to material handling safety. One method that works well if the employee is reasonable, is to point out that **POWERLIFT**[®] makes the job easier. It follows then that you have a choice, you can do it the hard way or the easy way, “which do you prefer?” The interesting thing about this statement is that **POWERLIFT**[®] is the equivalent of safe and if you use it because it is easier you will automatically perform your tasks in a safer manner!
